25. (Internal Use Only - LLM) Received a call from Mr. Bender, a writer for "Congressional Quarterly", referring to Senate Report 93-466 which contained a recommendation from the Special Committee to Study Questions Related to Secret and Confidential Government Documents that the Appropriations Committee itemize in the DOD Appropriations bill the total sums proposed to be appropriated for intelligence activities by a number of agencies including the National Reconnaissance Office. Bender was calling for his senior editor who asked him to find out what government agency was responsible for the NRO. I agreed to call Bender back tomorrow.
